This exciting young International competition and breeding prospect is already broken and going well under saddle. He has been seriously impressive loose jumping - showing tremendous scope, fantastic technique, three beautiful paces and a superbly relaxed and trainable temperament.

He has already been trained to the dummy & his first mare was scanned in foal from 1 cycle.

Britannia's Bijou is out of Bella Britannia (one of the 4 embryo transfer daughters of the Eventing legend Headley Britannia). His sire is the top Riding pony stallion Littledale Bright Star, a high quality pony stallion who is currently the only pony stallion to have sired International progeny in all of the Olympic disciplines.

In 2020 Britannia's Bijou was awarded Gold in the British Breeding Futurity evaluations and Gold Premium by the Sports Pony Studbook Society.

Britannia's Bijou will be competing in 4 year old classes as well as covering mares in 2021.
