 Tomlinson Equine will make every effort to ensure that vaccines are kept up to date, however in the event that an oversight should occur, and this section of the form is found to be incomplete Tomlinson Equine are not responsible for any costs incurred as a result.

- Please tick if you are happy for Tomlinson Equine to use photos of your horse on their social media pages
- I consent that Tomlinson Equine can add my email address to their mailing list to receive information about future offers and services.

**Declaration:** I have read and understand the Price List and Tomlinson Equine Terms and Conditions.

- Tomlinson Equine has specific health requirements for **ALL HORSES/EMBRYOS/SEMEN** being booked in with us. Please ensure test results are sent to the Tomlinson Equine office **before** arrival at the centre.
- Tomlinson Equine Stud employs Tomlinson Equine Limited to carry out routine and emergency veterinary work. Some medications can be licensed for use in other species or humans and may be prescribed in accordance with the cascade.
- All horses will be clinically examined upon entry to the centre. Any horse showing any signs of clinical disease will be isolated (until disease status is confirmed) or not admitted into the centre. Isolation will be at the cost of the client (with pre-notification) and Tomlinson Equine reserve the right to isolate as they see fit.
- Tomlinson Equine do not routinely vaccinate their non-pregnant recipients for herpes; advise us in writing before a recipient is 3 months pregnant if you require her to be up to date with Herpes vaccinations. This can be provided at the cost of the client.
- By signing this document, I confirm that I have read the Tomlinson Equine OPU Information document in full and accept the risks associated with OPU.

How did you hear about Tomlinson Equine? Advert (please specify) / online / social media / word of mouth .....

# Health Declaration

Tomlinson Equine

Owner Name:			
Horse Name:			
Passport Number:			
Microchip Number:			
Last Flu Vaccination:			
Colour:		DOB:	
Last date of natural cover:			
Herpes Vaccination Dates:			

I, the undersigned, hereby certify that:

1. As far as can be determined, the animal has remained on a premises in the UK where no clinical cases of the following diseases have occurred during the past 90 days prior to the horse arriving at Tomlinson Equine Stud:
  - a) Contagious Equine Metritis (CEM)
  - b) Equine Viral Arteritis (EVA)
  - c) Equine Influenza
  - d) Strangles
  - e) Equine Herpes (Abortion or Neurological)
  - f) Ringworm
  - g) Glanders
  - h) Surra
  - i) African Horse Sickness
  - j) Rabies
  - k) Anthrax
2. The animal is up to date with equine influenza and tetanus vaccinations (including a completed primary course).
3. A blood sample was taken from the animal (within 30 days of their arrival date) and sent to a laboratory with negative results for the following tests:
  - a. Equine Infectious Anaemia (EIA) (APHA Coggins)
  - b. Strangles
4. Negative EVA Blood results (after the 1<sup>st</sup> January) have been obtained from the animal.
5. Negative CEM (two sites – clitoral fossa & clitoral sinus using two different swabs), either:
  - a. Two occasions taken at least 7 days apart sent for culture to APHA
  - b. PCR exam on one occasion sent to APHA
6. The animal has not covered naturally within 30 days of arrival and the CEM & EVA tests must be taken 15 days after the last natural covering.
7. **FOR CASHFLOW PURPOSES. WE REQUIRE THAT ALL OUTSTANDING BALANCES BE PAID IN FULL BEFORE THE HORSE LEAVES.**

Tomlinson Equine Stud employs Tomlinson Equine Limited to carry out routine and emergency veterinary work. Some medications used can be licensed to use in other species or humans and may be prescribed in accordance with the cascade.
